(Special Branch) Office Notes

D.C. (Special Branch),

Information has been obtained from a very reliable source that a Mr. Radicali or de Brandza, Italian subject, living at Room 403 of the China United Apartments, Bubbling Well Road, is at present engaged in the supplying of aeroplanes to the Japanese Authorities. The parts are shipped to Dairen where they are assembled and not to Japan. He represents the firm of Breda. The firms Breda, Caproni and Fiat are, it is believed, about to amalgamate in the Far East, and Mr. Radicali may be appointed as representative in Tokyo.

It is further learned that a Mrs. Crompton, British by marriage, Italian by birth, her maiden name being Azaretti, is a very important personage in this business. She is secretary-mistress to Mr. Cavilli, Far East representative for the Fiat Company. Both returned recently from Tokyo.
